Appointment Date	Please use the calendar to select the date of the appointment
Appointment Time	Please select from the clock the time of the appointment. The hours are set as AM or PM to ensure you choose the correct time. First column is your hours and second is the minutes. E.g. 2:30pm would be 2PM then 30 minutes. This is the time you need the interpreter to arrive, not necessarily the service user's appointment time. If you need a briefing or chat beforehand, please ensure you start the appointment earlier
Estimated Duration	This also needs to be done in hours and minutes. E.g. for 75 minutes you would choose 1 hour then 15 minutes. Much like with the appointment time, this is how long you require the interpreter for, not necessarily the length of the appointment
Confirmation of Interpreter Required by Date & Time	This is when you would like to know by. We will always endeavour to have the booking assigned before this, however, if we are still working on the request, you will receive an automated email advising you of the status of the booking. You are welcome to reply to that email with any updates
Block Booking	Where you need to make a Block Booking for the same service user, you can use this feature to add in the additional dates and times. You will need to click the green "add booking" button after submitting each additional appointment. Each date will have its own unique reference which you will receive at the end. Please ensure you are clicking the green button after each booking is added or it will not save

Video Booking (LEVID) User Guide

We generally request a minimum of 60 minutes notice for this type of booking as we need to contact our available interpreters.

Please ensure you have the correct equipment for the video call prior to booking. You can access video bookings through our website and app if you choose our platform. With our platform we can monitor attendance and ensure interpreters are in the call with a strong connection.

If you choose to use your own platform such as teams or zoom, you are responsible for setting up the call and providing us the link. We cannot investigate non-attendances after the booking time as we have no way of monitoring this. It is important you contact us at the time to investigate, and we can resolve the issue.
